

Residential Waste Management 202

(this is not a puzzle)

UNDERGRAD

MBTA: #GreenLine: Shuttle buses replace Green Line service between Medford/Tufts and Lechmere due to unusual equine activity at East Somerville Station. We suggest maybe picking up some litter while you wait. Spruce the place up a bit for once.

Sunday, September 10

Prof. Oscar Grautch

Welcome to Residential Waste Management 202!

I've got students this semester? This is absolutely horrible. You should all drop my course. I should just refuse these classes. But it's your lucky semester, because I feel like actually dealing with the lot of you.

Oh but of course we can't get started. There's a huge horse threatening everyone in and around Homestead Apartments. Deal with it if you want to actually get around to today's lesson. Otherwise, you can find me out back, where I'll be dumpster diving.

We have three navigable routes on how to dispose of this problem:

Game Night	_____
Nature Tour	_____
Out for Delivery	_____

There are no location puzzles in this round. But please support our local businesses if you can.

Once you have clear results, we'll collaborate, with:

Garbage Day	_____
